

PAWSIC

ORGANIZATION PARTNER ANNUAL MEMBERSHIP

*One partnership that covers your whole organization — annual pricing scaled to the number of centers or facilities in your group.
Payment plans available.*

PAWSIC Partnership: How It Works. Start with one center. Grow from there.

An annual PAWSIC partnership begins with a single center or facility — no minimum size, no multi-site commitment required. One organization joining on its own receives the full benefit of PAWSIC's skin health and wound-care education, tools, updates, advocacy, and community.

What every center/facility in your partnership includes:

- **Two (2) transferable Premium membership seats** — for the people who lead wound prevention, management, quality, education, or operations at that site.
- **Unlimited Basic memberships** — for every interdisciplinary clinical and operations staff member at that site.
- **Premium-level discounts** on workshops, conferences, and other PAWSIC promotions.

Why two Premium seats? Two seats let each site build a real wound-care leadership team rather than relying on a single champion: typically, a clinical lead paired with an education, quality, operations, or administrative partner. And because the seats are *transferable*, your investment follows the role, not the individual — so turnover doesn't cost you your seat or your momentum.

What growth adds: As your organization adds centers, the per-center rate steps down & exclusive recognition layers in.

LIMITED PARTNER SPOTS · 2026 & 2027

A limited number of Partner Circle spots are available for 2026 and 2027. Additional discounts and sponsorships may be available based on organizational need and funding availability — including for individual sites and smaller organizations. Email Organizations@PAWSIC.org to set up an appointment and discuss the plan and options that fit your organization.
